

**GREATER SUDBURY UTILITIES**  
has an opening for the following position:

**SYSTEM OPERATOR**

Greater Sudbury Utilities requires an Electrical System Operator. The System Operator will monitor SCADA systems and respond to distribution system events by analyzing data and directing field crews to ensure safety of personnel, safeguard distribution system equipment, minimize the duration of system disturbances, and maximize system integrity.

The successful applicant must possess the following qualifications:

- Diploma from a Community College program in Electrical Power or have equivalent formal technical education.
- Successful completion of an “Operator’s” training course, including the required apprenticeship hours, and be in possession of a recognized Operator’s certificate.
- The proficiency and technical ability to use applicable computer applications and software including SCADA and GIS.

The successful applicant will be required to work rotating shifts including weekends and holidays.

Interested applicants are invited to submit a detailed resume until **Thursday, May 16, 2019** no later than 4:30 p.m., in confidence to:

**Human Resources**  
**Greater Sudbury Utilities**  
**P.O. Box 250**  
**Sudbury, ON P3E 4P1**  
**Email: [humanresources@gsuinc.ca](mailto:humanresources@gsuinc.ca)**

We thank all applicants for their interest in our organization; however, only those applicants selected for an interview will be contacted.

If you are selected to participate in the recruitment process for the position to which you have applied and require a disability-related accommodation, please notify the Human Resources Department.
