

GREATER SUDBURY HYDRO INC
has an opening for a
DISTRIBUTION ENGINEER

Greater Sudbury Hydro Inc is an electrical utility committed to delivering safe, reliable, and sustainable service to our customers. Our parent company, Greater Sudbury Utilities Inc. is a diversified, community-owned corporation focused on service excellence.

We are currently seeking a Distribution Engineer to join our team. This is a non-union position based in Sudbury, Ontario.

Reporting to the Manager of Engineering, you will play a critical role in the development and maintenance of distribution design and construction standards, as well as distribution equipment specifications.

Other responsibilities will include:

- Distribution system short-term and long-term growth and betterment planning.
- Assist in load flow and loss optimization analysis, fault level studies and fuse/relay coordination.
- Prepare reports to regulatory bodies such as the Ontario Energy Board (OEB) and the Electrical Safety Authority (ESA) on matters pertaining to distribution system reliability, maintenance, and safety compliance.
- Support the development of planning, operating, maintenance and capital expenditure budgets for the distribution system.

The successful applicant must possess the following qualifications:

- A four-year University degree in Electrical Engineering from an accredited post-secondary institution or a combination of education, training and experience deemed to be equivalent by the Professional Engineers Ontario.
- Licensed Professional Engineer (P.Eng.) designation.
- Five years of experience working with utility distribution systems.
- A valid Ontario Class G driver's licence is required.

Greater Sudbury Hydro Inc offers a competitive compensation and benefit package.

This is an opportunity to contribute to a vital service in our community. Discover life in Sudbury, Northern Ontario's largest city. Come work and live in a vibrant, welcoming community surrounded by 330 lakes and nature's beauty. With affordable housing, short commutes with year-round recreational opportunities like hiking, fishing, skiing, mountain biking, boating and so much more.
