About the Opportunity

We're looking for a detail-oriented **Meter Technician** (full-time) who takes pride in safety and precision. In this role, you'll play a key part in ensuring accurate energy measurement for thousands of customers by installing, testing, and repairing advanced metering systems. Reporting to the Operations Supervisor – Technical Services, you'll work hands-on with cutting-edge equipment and contribute to reliable service across Greater Sudbury.

The successful candidate will:

- Install, remove, and verify polyphase and single-phase meters
- Perform meter calibrations, repairs, and adjustments
- Conduct power factor analysis and cross-reading verification
- Respond to customer metering layout requests
- Complete documentation and terminal input as required
- Check customer's voltage and install current and voltage recorders as required
- Assist with load surveys which include removal of tapes, services, install or replace faulty recorders
- Investigate diversion of power
- Carry out transformer checks

Seeking the following qualifications:

- Minimum 2 years at college level in electrical or instrumentation
- Excellent written and verbal communication skills
- Some knowledge and understanding of meter methods of communication such as: cellular / Fibre/TCP IP / RS232 and Radio
- Some understanding of Utility's revenue metering system
- Valid class G driver's license as job duties require frequent field work
- Team oriented with a positive attitude

Interested applicants are invited to submit a detailed resume by **Friday, September 25th**,
no later than 4:30 p.m. to:
